

Taking Action on COVID-19 (coronavirus)

“We value the trust you place in our restaurant each time you visit, and we are committed to doing what is right for our guest and team members”

– Manuel Herrera, President and Owner

Since the beginning, El Tataki has committed to providing a safe and healthy dining environment, recognizing that the well-being of our guest and team members is our priority...This Remains True! With the recent concerns on COVID-19 (coronavirus), I want to personally update you on the precautions we are taking to address these concerns.

Guided by the recommendations from the CDC (Centers for Disease Control and Prevention), local and state public health authorities, we have increased our already stringent sanitary practices and have taken additional precautionary measures to maintain the highest standard of sanitation and cleanliness in our restaurant. Although there are no reported cases among our team, we ask that any guest who is feeling unwell, to please refrain from visiting our restaurant to ensure we continue to offer a safe dining experience.

We thank you for the confidence and loyalty over the years, and appreciate your support while we navigate through this unprecedented time.

Sincerely,

Manuel Herrera

President and Owner, El Tataki
